Announcements / Good Works
ASEC discussed a potential Brown Bag on student and staff mental health as it seems to be an increasingly important issue. Heather suggested including the Student Personnel Association (SPA) on such a program.

Guest: Kim Nolet - LLPC
LLPC is a shared governance committee which includes three Academic Staff, three Faculty, three Classified, and three students. This committee handles policy regarding UW Madison licensed products and works with licensing organizations and labor organizations on issues related to these products. These products are being produced by 528 in factories in 50 countries.

The Nike contract termination in April was the most recent major issue the LLPC has dealt with. The LLPC is also involved in evaluation of the Collegiate Licensing Company’s code of conduct.

The LLPC has also been following the Alta Grassia Fair Trade label with interest. This licensee, with factories in the Dominican Republic is paying workers three times the average wage and allows workers to unionize. The LLPC hopes this business model proves effective; if it is, it will likely raise wages and working standards for rival factories in the Dominican Republic.
