Consent Agenda

The minutes from the November 21, 2019 GSAPC meeting were approved unanimously.

Discussion Items

Student Data for Program Reviews

Dean Karpus led a discussion about making sure all students have an opportunity for input into program reviews early in the process. Will add to charge letter and communicate expectations with APIR.

Student data from exit surveys and PhD Pathways will be available for use in the program reviews beginning in Fall, 2020. Some program reviews incorporate feedback from Alumni. Committee members recommend incorporating graduate student climate questions to the existing exit survey.

No action sought.

HIB Grievance pathways for Biophysics and Cellular & Molecular Biology programs

Dean Karpus led a discussion regarding process for HIB Grievances in the two programs that reside within the graduate school. Students need to have access to resources

Mentor Training

Dean Karpus led a discussion about the recently released report from The National Academies of Sciences, Engineering and Medicine on effective mentoring in STEMM. The Graduate School will enter into a collaborative effort with the Provost’s office to establish a Center for Mentor Training. There is a need to adapt the mentoring concept beyond the STEMM fields. The committee discussed ideas for supporting faculty mentoring.
