Welcome to UW-Madison! Safe and inclusive academic and work environments are essential to our campus culture and to your success as a student. As you prepare for this semester, we want to convey the importance of your role as a community member and the impact your choices have on your experience and your peers.

Our campus requires you to complete an online prevention education program, “Violence Prevention for Graduate and Professional Students.” This is a three-part program that takes approximately 45-60 minutes to complete. It will equip you with tools to contribute to a safe and respectful campus and information about how to access support for yourself or others.

All incoming students are expected to complete this training. The deadline for completion is September 21. An enrollment hold will be placed on your Spring 2019 registration if you do not complete this training by the deadline.

Access the Program

To access the program, log into Canvas and look under “Courses.” Click on the link for “Violence Prevention for Graduate and Professional Students” in the course dashboard.

For more information, visit the program website or email violenceprevention@uhs.wisc.edu.
We must work together to create a culture of respect and support on our campus. Join us in making UW-Madison safer for everyone.

Lori Reesor, PhD
Vice Chancellor for Student Affairs
