Good morning SoHE Faculty and Staff,

In light of the Chancellor’s announcement that all undergraduate instruction will be conducted virtually over the next two weeks, we wanted to confirm that Nancy Nicholas Hall will remain open during regular hours of 7:00 am – 9:00 pm Monday through Friday and 9:00 am – 3:00 pm on Saturdays.

Please note that no in-person instruction should take place, not even 1-on-1 meetings with students during these next two weeks. All instruction must be conducted virtually.

Undergraduate students are prohibited from participating in any in-person human subjects research.

The drop-in study rooms are currently closed.

Student hourly workers may continue to work onsite provided:

- They are not in quarantine (includes all students living in Witte or Sellery dormitories)
- They are not experiencing any COVID-related symptoms
- They have not been in recent contact with anyone who has tested positive for COVID
- They follow all campus COVID health and safety protocols including completion of the COVID-19 Onsite Employee Training

Thank you all for your cooperation and flexibility during this period.

Natalie M. Feggestad
Associate Dean of Administration
School of Human Ecology | University of Wisconsin-Madison
