Introduction

Dear L&S chairs, directors, faculty, and academic program staff:

Annual assessment reports are due to the college by May 15, 2013.

By completing the survey that follows, you will be submitting your annual report on the assessment of student learning. These reports are needed so UW-Madison can comply with Regent and Federal regulations that require the university to systematically perform this work for all academic programs that lead to a credential (degree, major, and certificate). Your responses will be used to create the L&S Annual Report to the Provost on the Assessment of Student Learning. The college report to the Provost must contain a response for every L&S credential. As you know, this is a huge task - your help is essential.

The following links offer some background on Assessment of Student Learning, from the college assessment plan to some simple "how to" guides. (Some of the survey questions below also provide links to relevant resources.)

This is the first time we are trying to gather this information by asking you to complete an online survey. Because reports are due May 15, 2013, the survey will be open during the Spring 2013 term. This survey has been designed to allow you to start, stop, and revise responses as long as you do so on the same computer where you started the survey, using the original link you were sent to begin the survey, and if you click "next" (which saves your information) before closing the survey. (If this gives you trouble, contact Elaine.) As an alternative to responding online, we will also make the survey available as an MS Word document that can be emailed to us.

If your program provides a formal report on assessment to a professional organization, accrediting agency, board of visitors, or other group, you may share that report as part of your response. Please contact Elaine Klein, the L&S Assistant Dean for Academic Planning (emklein@ls.wisc.edu) to discuss these options. (We will need responses for any programs that are not covered by these reports.)

Finally, we hope to share and use this information across the college, to encourage departments and programs to learn from each other, develop collaborations, and improve practices and learning. You may also notice that the information you provide here will be requested by other entities - the L&S Academic Planning Council, Curriculum Committee, and other groups in the college refer to assessment activities when discussing program reviews, requests for changes to courses and curricula, requests for departmental reconfiguration, calls for proposals for new projects, etc. Understanding how, and how well, our students are performing in our programs is essential to the work we do. The responses you provide will help us know if we're headed in the right direction.

Again, thank you for your response.

Gary Sandefur, Dean, College of Letters & Science
Elaine M. Klein, Assistant Dean for Academic Planning
